

Grip world MINIMO

Minimo mini R /Q

At first glance, it appears to be a scaled-down version of the minimo Q and R models. However, it is far more than just a size adjustment – it is a deliberate evolution of the design. The more compact, elegant form corresponds to the proportions and aesthetics of modern standard door handles. At the same time, its functionality is optimally tailored to today's requirements and everyday usage habits.

EXECUTION

UV - non-sealable

SZ – lockable from both sides: inside with slider, outside with locking cylinder.

Form in Q and R

Color selection:

Matte black, stainless steel finish, umbra grey
